

## **REMARKS CONCERNING THE DIFFERENT AGE GROUPS AND ORDER OF GAMES”**

While the composition and number of the teams in each category is not the same, we were obliged to work out, a different way of ranking in order to come, in the end, to the – in our opinion – most fair way to give everyone the best sporting results possible.

It was for us of the biggest importance to offer, limited within the number of inscribed teams, the most games as possible within given time and place. Each team will play at least 7 or 8 games. Also we have tried to give each team as much competitors as possible.

Our thanks go to the teams of Handbalschool Rijnmond and Brabant for their comprehension.

Hereby, you find an overview of all categories and the way of which each category will be played.
